

Mohamed Fouad

Front End Developer

Riyadh, Saudi Arabia | +966 50 523 2544 | mofouad001@gmail.com | linkedin

PROFESSIONAL SUMMARY

Frontend Developer with 2+ years of experience in React.js, Next.js, and TypeScript, focused on building scalable, performance-driven web applications. Experienced in clean architecture, API integration, SEO optimization, and delivering maintainable code under tight deadlines.

PROFESSIONAL EXPERIENCE

Front-End Developer | GTS, Riyadh — Mar 2025 – Present

- Built a full-stack compliance management dashboard (React.js, Node.js, Express, MongoDB) for vehicle tracking, GOSI, rentals, and utilities.
- Integrated with Saudi Absher government services for real-time vehicle registration data, improving data accuracy.
- Implemented role-based authentication and automated notification workflows (Web Push API) for document expiration alerts.
- Built Excel bulk import/export functionality to streamline large-scale data management.
- Developed an internal AI chatbot connected to company databases for employee FAQs with real-time responses.
- Built automated email-to-form workflows with keyword triggers, routing submissions directly to HR.
- Maintained company WordPress site including content updates and performance optimizations.
- Optimized frontend performance via code splitting, lazy loading; ensured cross-browser compatibility.
- Collaborated with product, backend, and operations teams to deliver business-aligned solutions.

Front End Developer | Relvecrop — Jan 2024 – Jan 2025

- Developed a football cards game using Next.js, focusing on seamless and engaging user experience.
- Implemented responsive interfaces and collaborated with cross-functional teams to integrate APIs.
- Conducted code reviews, optimized performance, and ensured technical feasibility of UI/UX designs.

EDUCATION

Bachelor of Computer Science | Menofia University, Egypt — 2018 – 2022

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, TypeScript, React.js, Next.js, Redux Toolkit, React Query, Tailwind CSS, SASS, Material UI, Styled-Components

Backend Fundamentals: Node.js, Express.js, RESTful API Design, JWT Authentication, MongoDB

Tools & Concepts: Jest, Git, GitHub, Firebase, Performance Optimization, Clean Architecture, SEO, Responsive Design

SOFT SKILLS

Communication • Problem-Solving • Teamwork • Adaptability • Time Management • Attention to Detail

PROJECTS

GTS Compliance Dashboard | React.js, Node.js, Express, MongoDB

- Built a full-stack compliance management system for tracking vehicles, GOSI, rentals, and utilities.
- Integrated with Saudi government Absher and GOSI service for real-time vehicle registration data.
- Implemented automated email/push notifications for document expiry alerts using Web Push API.
- Added Excel bulk import/export and role-based authentication for secure access control.

GTS AI Chatbot | React.js, Node.js, MongoDB, AI Integration

- Developed an AI-powered chatbot serving 200+ employees for company policies and FAQs.
- Connected to company database for real-time data retrieval including leave balances and annual increment policies.

Email-to-Form Automation System | Node.js, Webhooks, Email API

- Built automated workflow that detects specific email keywords and triggers form responses.
- Routes submitted form data directly to HR department without manual intervention.

GTS Company Website | WordPress, PHP, CSS

- Maintained and customized company website including content updates, feature enhancements, and performance optimizations.

Portfolio Projects [Link](#)

- Designed and developed a comprehensive portfolio website showcasing multiple projects.
- **E-Commerce Platform:** Full shopping experience with cart, checkout.
- **Admin Dashboard:** Data visualization and management interface with charts and analytics.
- **Disney+ Clone:** Streaming platform UI with responsive design and Firebase authentication.
- **Cryptocurrency Tracker:** Real-time crypto prices with API integration and interactive charts.
- **YouTube Clone:** Video platform interface with search functionality and responsive layout.
